INTRODUCTION

DEVENOX DRONES

In need of aerial imagery to market your business and create a stronger impact? Bored of static shots which cannot show your full potential? Devenox Creative Drone Team is the one to make it happen.

We specialize in making unique videography using advanced photographic skills and modern equipment. Our broad experience will make you stand out from the competition. With our help you can market your business with any video ideas you have in mind. It is time to show that unique and spectacular environment the world is so enthusiastic to see.

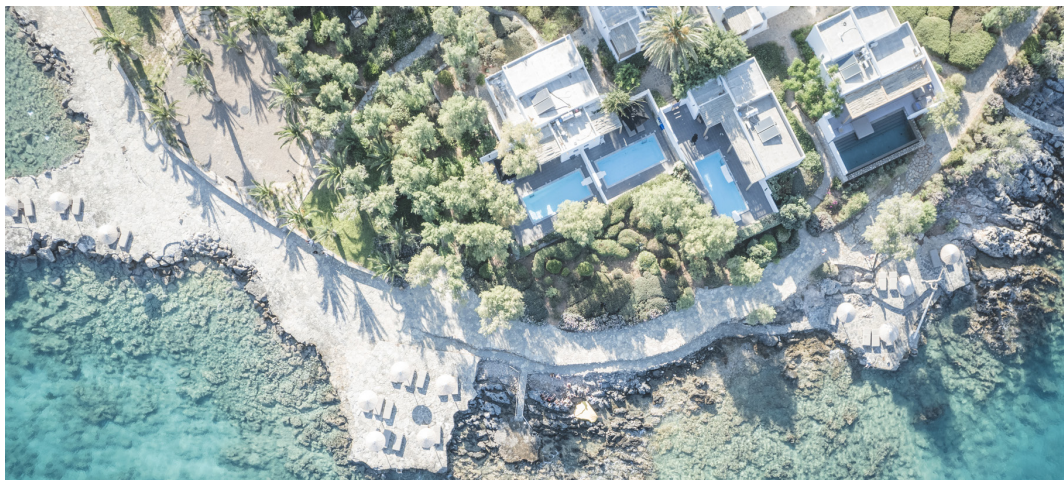

TRAVEL THE WORLD

Finding challenging situations on tropical islands is our biggest passion. We travel the world to make your resort stand out! High-end commercial and creative drone productions will put you on the map!

How do we do this?

We do not compromise! We aim to discover our unique world and for this we use the newest drones on the market to ensure maximum results. The drones are equipped with high-resolution 4K cameras, taking aerial images which give an exclusive view from a different angle.

01 FPV RACER DRONES

Using not only normal drones, but a range of cinematic FPV racer drones, will take your video to the next level. Restaurants, indoor pool, overview shots, risky action shots, we got you covered. FPV racing drones and Cinewhoops will guarantee a unique style and perspective, the possibilities are almost as big as your imagination.

02 DJI CINEMATIC DRONES

The goal is to transfer the atmosphere and vibe from your business to the video. To accomplish this the DJI drones are the best candidate. Our range of DJI drones offer super stable and smooth videos that make you daydream about your next vacation.

03 ACTION CAMERAS

For more interactive or sports videos we use the latest Go-Pro's. These action cameras can be mounted on our racer drones or on a stabilizer. Even underwater shots are within the possibilities.

MEET THE TEAM

DANIELA

COMMUNICATION &
SOCIAL MEDIA EXPERT

Our customers are businesses both from Belgium and around the world who trust us to make a difference with their digital communication. We are pleased to deliver a full package of services from making video contents to implementing them in your marketing strategies and websites.

CASE MALTA

Devenox Drone Team in Malta was a huge success! Our team collaborated with various companies from different sectors. The broad experience and well-organized approach gave us the opportunity to work closely with professional and well-known businesses. Every moment consisted of a lot of excitement, unique footage, and memorable locations which all together ensured an exceptional experience. Not to forget, the positive reviews from the excited people around us made our work feel like a worthwhile journey!

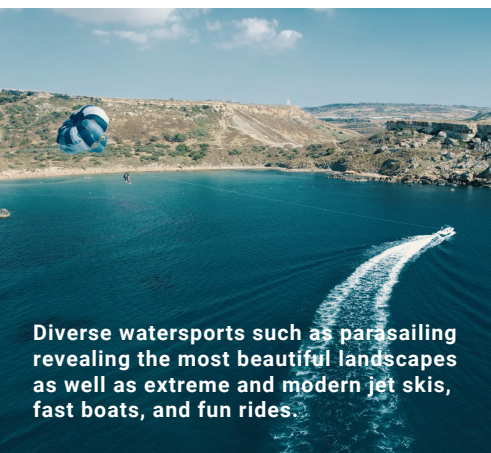

Award winning restaurant with a signature Mediterranean cuisine.

A restored 17th century palazzo converted into a high-end hotel in the center of Malta.

The pristine beaches and cliffs on the beautiful Blue Lagoon located on the island of Comino.

Diverse watersports such as parasailing revealing the most beautiful landscapes as well as extreme and modern jet skis, fast boats, and fun rides.

A lot of various glorious hidden footage only possible to be seen with a drone's bird eye view.

CASE CRETE

The next Drone business trip happened in Crete, Greece. We were approached by a high-end hospitality group Bluegr Hotels & Resorts. The collaboration with 3 of their luxurious resorts set a completely new level with the exceptional service, hospitality, excellence and breath-taking locations. We managed to capture incredible scenes from picking vegetables and herbs from the resort's garden, private cooking class with a well-known Greek chef, to enjoying a Michelin level dinner produced with their own harvest. To showcase the great opportunities possible at these dream resorts, we created a collection of diverse experiences:

Unique sunset and sunrise overview shots.

The end result was so special featuring a fantastic vacation filled with relaxation and wellness, business and pleasures, romance and family time that it makes you book a holiday in one of the resorts.

Interested to immerse yourself in these deluxe resorts?
